## EDUCATION

### JSPM'S Rajarshi Shahu College of Engineering

Bachelor of Technology (BTech) in Electronics and Telecommunication **CGPA-9.24**

Pune, India

July 2022 – July 2026

### Gajanan Vidyalaya

12th **Percentage-91.67**

Jalna, India

Aug. 2018 – Aug 2020

## EXPERIENCE

### Training and Placement Coordinator

June 2024 – Present

JSPM'S Rajarshi Shahu College of Engineering

- Developed and maintained relationships with employers, alumni, and industry partners to enhance career opportunities for students.
- Demonstrated strong communication, organizational, and interpersonal skills in effectively supporting students' career development and placement efforts.
- Organized and facilitated campus recruitment drives for companies like Data Axle, Accenture, and KPIT, ensuring smooth coordination between students and recruiters.

### Event Management Team

Jan 2024 – Dec 2024

IEEE RSCOE SB

- Volunteered at IEEE Research Symposium (March 28-29, 2024) – Helped in event coordination, speaker support, and logistics management, enhancing teamwork and organizational skills.
- IEEE: Mastering Project Design Essentials (Feb 12, 2024) – Assisted in organizing and coordinating the event, managing logistics, and ensuring a seamless experience for 150+ attendees.
- IEEE: "Exploring Financial Management" (Feb 13, 2024) – Supported in organizing and coordinating the event, managing logistics, and ensuring a seamless experience for 100+ attendees.

## PROJECTS

### Job Portal Using Spring Boot and REST API / Spring Boot, Spring Data JPA, HTML, CSS

Dec 2024 – Dec 2024

- Built a full-stack job portal using Spring Boot, Spring MVC, REST APIs, and MySQL, enabling job seekers to browse and apply for jobs and employers to post listings.
- Implemented secure authentication and authorization using Spring Security with JWT, following best security practices to enforce role-based access control for job seekers and employers.
- Designed a responsive, server-side rendered frontend using Thymeleaf.

### File Sharing Application/ Spring Boot, Spring Security, REST API, Postman, HTML, CSS

Jan 2025 – Feb 2025

- Created a full-stack file-sharing application using HTML/CSS and Spring Boot, ensuring a modern, responsive, and user-friendly interface.
- Designed an interactive landing page, file uploading page with progress bar & drag-and-drop support, and a seamless file downloading page for an enhanced user experience.
- Implemented pagination to efficiently manage large datasets, improving data retrieval and performance.
- Integrated Spring Security for user authentication and role-based access control, ensuring secure file management.
